

Sound Design II Sketchbook #3

Purpose of Sketchbooks: The opportunity to explore and experiment with sound and music, continue to work on editing and composition skills, learn new skills and concepts and apply them, as well as to create early portfolio pieces for early career designers.

Objective:

Create a piece of music written for solo piano using your DAW of choice.

Parameters:

- Write a piece for solo piano (two hands)
- Any genre, no limits
- Keep in mind that this piece will be orchestrated into more parts for Sketchbook #4
- Piece must be 1 minute long minimum, no cap for end time, just in case you go on a musical journey.
- Export as a .wav or .aiff
- Present in class and upload mix down file to the assignment on Canvas
